Intelsius stocks Tempsen data loggers that provide sensitive and accurate temperature monitoring for dry ice, refrigerated and controlled room temperature (CRT) shipments. Intelsius offers a wide variety of single and multi-use loggers with features to best suit your requirements.

The versatile and easy to use Tempsen products are EN12830 and FDA 21 CFR 11 compliant to give you the peace of mind that your shipments require. Each data logger features alarm functions, integrated USB 2.0 connection and automatically generates encrypted PDF reports for easy analysis, without the need for additional software.
