

Direct to Site Service

Intelsius Direct to Site (DTS) services are designed to increase efficiency in the distribution of temperature controlled packaging materials. DTS saves your organisation money, time and storage space. Intelsius has a wide range of solutions in stock and many are available for next day delivery to any facility including labs, doctor's offices, universities or clinical trial locations. If your company wants to lower its shipping costs, manpower requirements, storage space or specialty couriers, ask us how with DTS.

This service provides:

- ▶ Pre-conditioned systems - dry ice, 2-8°C, and 15-25°C
- ▶ Pre-labelling
- ▶ Return label
- ▶ Tracking and management

Features:

- Same day dispatch
- Lower cost of shipment/dry ice
- Decreased use of specialty couriers
- Reduced cash outlay, only pay upon use of materials
- One less leg of transportation saves time and money
- Access to all systems/sizes, increasing flexibility
- Decreased manpower requirements
- Lower storage/stock requirements
- Lower cost of dry ice
