

PHARMATHERM PALLET PCM

2-8°C

TEMPERATURE
CONTROLLED
PACKAGING

PharmaTherm Pallet PCM is a pallet-sized solution for large-volume, temperature-controlled pharmaceutical shipments. PharmaTherm Pallet PCM covers a 2-8°C temperature range, qualified against high-performance winter and summer testing profiles.

PharmaTherm Pallet PCM provides a robust solution for regional and international shipping all year round. With the solution suitable for single and double body aircraft, PharmaTherm Pallet PCM can be sent to all destinations.

Features

- System utilise advanced phase change materials (PCM) ensuring optimal performance in both summer and winter profiles
- EPS insulation is utilised for optimal thermal protection, whilst minimising container weight.
- Qualified to a minimum of 94 hours against high-performance summer profiles, and 114 hours against high-performance winter profiles
